

Event: 02/08/2016 - Transition Town meeting

Join us for this meeting of Transition Town Bedford, a citizen's group working on developing a more sustainable, resilient town. A major topic for tonight will be our upcoming "Re-using Electronics Swap Event" this spring. We are looking for people who might like to help or those who know about clearing computers so they can be used by others.

We will also review a variety of environmentally related initiatives happening in Bedford/Massachusetts and how you can get involved.

**200 Carlisle Rd
Bedford, Ma
7:30- 9:00 PM**
