Think Spring Gardening!

With Master Gardener

Peter Coppola

GROWING PLANTS FROM SEED

Sunday, March 8 from 1:00-4:00pm

It is cold outside, but if you prepare now, you can pick lettuce in April and peas in May. Save money and plant something different this year by starting and growing flowers and vegetables indoors from seeds. This 3-hour course will provide the information necessary to improve germination rates and grow healthy seedlings indoors for spring planting. The session will cover seed selection, growing media and creating a micro-climate favorable for plant growth. Why wait until April to play in the dirt when you can get dirty now!

Space is limited, register soon! Fee: \$25

All classes will be held at New England Nurseries, 216 Concord Rd.

Register at Bedford Recreation Department: 12 Mudge Way, Bedford, MA

Office hours: Monday – Friday, 9:00-4:00. Phone: 781-275-1392
