

Article 10 - To fund a feasibility study for a historical museum in Bedford

I would like to remind all registered Bedford voters to please attend the Special Town Meeting on Monday, Nov. 2, 2015, at 7:30 PM in the High School auditorium. Among the important items of business is Article 10, the Selectmen's article requesting funding for a feasibility study to reestablish a Bedford historical museum.

The Town's Museum Study Committee previously identified 5 preferred potential sites, all of which are in historic town-owned buildings within the Old Bedford Center Historic District.

The proposed feasibility study would provide cost estimates for each of the selected sites, which is the next critical step in this process.

Please try to attend and support this article to reestablish a museum.
