BODYJAM™ This workout combines the addictive fusion of the latest dance moves and hip new sounds. No previous dance experience required; choreography is layered and simple. Instructors coach style, direction and attitude to motivate participants to perform at their best while burning fat, improving coordination, and expressing themselves.

BODYPUMP™ This original barbell workout strengthens and tones your entire body and challenges the major muscle groups by using weight-room exercises such as squats, presses, lifts and curls. The simplicity of the class makes a great starting point for developing strength and confidence. Uplifting music synchronized with the exercises motivates participants through the workout.

BODYFLOW™ This workout builds flexibility while strengthening and toning muscle groups. A focus on controlled breathing, concentration and a carefully structured series of stretches, moves and poses to music using a blend of Pilates, Tai Chi and Yoga create a holistic workout that brings the body into a state of harmony and balance.
